To: Nanaimo Port Authority Stakeholders

Re: Tariff Fee Document – Annual Review/Update

Good day,

The Port of Nanaimo would like to recognize the challenges and many negative effects of COVID-19 affecting businesses capacity locally, nationally, and internationally and we have decided to suspend rate increases to currently posted (June 01<sup>st</sup>, 2019) Commodity Fees, Harbour Dues, Passenger Fees, Equipment, and Wharfage within the Port Tariff document. Rate increases however will include ILWU, per BC Marine Terminal Operators effective April 01<sup>st</sup>, 2020 to cover only the labour contract increase to the Port.

Additionally, the Port will maintain our obligation of sixty (60) day notice to Industry should we see a positive change to the continually evolving and dynamic situation.

We would like to take this opportunity to thank our many partners in the private, and government sectors for their continued partnership, co-operation, hard work, and diligence implementing necessary measures and protocols as we work together doing all that we can to help flatten the curve.

Thank you for all that you do for our communities,

Sincerely,

Ian Marr  
President and CEO
